COVID-19 POLICY UPDATE

Mon Mar 30th, 2020 | Categories: Firm News |

In response to Governor Newsom's "shelter-in-place" order for California, Bick Law has instituted a mandatory work-from-home policy for all attorneys and staff. As we are fully equipped to work remotely, we do not anticipate that this policy will interfere with our normal business operations. At present, we remain fully operational during normal business hours. Bick Law attorneys and staff, as always, are ready and available to serve our clients. In the event of a change in circumstances, we will notify clients immediately.

We prize the health and well-being of our employees, clients, and community, and hope to serve as a source of stability in the face of recent uncertainties. Please do not hesitate to contact Bick Law about your legal matters and/or with any questions regarding our health safety precautions. For questions, please contact our offices at (949) 432-3500.
